## About BF Masters

BF Masters is established in Iraq, providing professional services to entities, including Accounting, Audit, Taxation, Business Advisory , Management services and consulting. Our team comprises experienced professionals with qualifications from the Association of Chartered Certified Accountants (ACCA), the Chartered Institute of Management Accountants (CIMA) among other professional bodies and expertise in business and finance consulting, forensic accounting, audit specialisation, and tax advisory. We offer strategic consulting and solutions to overcome obstacles hindering your path to success.

In Iraq, many companies have finance, accounting, and auditing departments where daily routines often overlook critical factors such as Risk Management, Strategic Planning, Expansion Opportunities, and Cost Reduction. Our services address these complexities, requiring qualified chartered accountants to handle them with due diligence, ensuring alignment with company vision and stakeholder satisfaction.
